

BOOK KAMP & BURN LIST

Boot KAMP consists of 250 visual and content questions, each worth 0.20 points, for a total of 50 points (out of 100).

During the Boot KAMP, you will rotate through stations and record your answers on the provided answer sheet. Even if you have not yet covered all of the content, this is an opportunity to strengthen your nursing observation skills by recognizing the items and answering the basic questions.

A **Baseline** is completed during the first week of lab. This score becomes your personal number to beat when you complete the Boot KAMP a few weeks later. There is also a **Midterm Boot KAMP** and a **Final Boot KAMP** at the conclusion of the course, during which your performance will be formally evaluated.

BOOT KAMP SCORE out of 250 _____ x 0.20 = _____						

The Burn List is a content-driven application of nursing terms related to class and lab material.

A baseline is completed before each new introduction.

- **Burn List 1** is completed 4 times. Students are given 15 minutes to finish.
- **Burn List 2** is completed 6 times. Students are given 25 minutes to finish.

Both lists use capacity scoring to measure your progress throughout the course. The goal of the Burn List is to achieve 100% accuracy at your current nursing education level by the end of the semester
